

Time	Monday August 31, 2009 Workshop Schedule
8:30-12:30 PM & 1:30-5:30 PM	Pre-Conference Workshop 1 (day 1)- Foundations Training in the LENS- <i>Stephen Larsen</i>
10:00-12:30 PM & 1:30-6:30 PM	Pre-Conference Workshop 2 (day 1)- LENS Advanced Training- <i>Len Ochs</i>

Time	Tuesday September 1, 2009 Workshop Schedule
8:30-12:30 PM & 1:30-5:30 PM	Pre-Conference Workshop 1 (day 2)- Foundations Training in the LENS- <i>Stephen Larsen</i>
10:00-12:30 PM & 1:30-6:30 PM	Pre-Conference Workshop 2 (day 2)- LENS Advanced Training- <i>Len Ochs</i>
8:30-12:30 PM & 1:30-5:30 PM	Pre-Conference Workshop 3 (day 1)- Introduction to the Fundamentals of Neurofeedback Combined with Biofeedback Assessment Leads to Appropriate Intervention- <i>Lynda and Michael Thompson</i>

Time	Wednesday September 2, 2009 Workshop Schedule
8:30-12:30 PM & 1:30-5:30 PM	Pre-Conference Workshop 1 (day 3)- Foundations Training in the LENS- <i>Stephen Larsen</i>
10:00-12:30 PM & 1:30-6:30 PM	Pre-Conference Workshop 2 (day 3)- LENS Advanced Training- <i>Len Ochs</i>
8:30-12:30 PM & 1:30-5:30 PM	Pre-Conference Workshop 3 (day 2)- Introduction to the Fundamentals of Neurofeedback Combined with Biofeedback Assessment Leads to Appropriate Intervention- <i>Lynda and Michael Thompson</i>
8:30-12:30 PM & 1:30-5:30 PM	Pre-Conference Workshop 4 - QEEG and Live Z-Score Practicum and Clinical Review- <i>Tom Collura, Charles Stark and Mark Smith</i>
8:30-12:30 PM & 1:30-5:30 PM	Pre-Conference Workshop 5 - Neurodynamic Activation Modalities in Neurofeedback - A Symposium- <i>Victoria Ibric</i>
8:30-12:30 PM & 1:30-5:30 PM	Pre-Conference Workshop 6 - Advanced Skills for Competency in Neurofeedback- <i>Joy Lunt and Gary Schummer</i>

Time	Thursday September 3, 2009 Workshop Schedule
2:30-5:45 PM	Workshop 1 - QEEG Interpretation: Review of Models and the 2-Dimensional EEG Vigilance-Brainrate Model- <i>Martijn Ams</i>
	Workshop 2 - The Valsalva Wave - The Changing Landscape of Heart Rate Variability Biofeedback <i>Stephen Elliott & Dee Edmonson</i>
	Workshop 3 - EEG, QEEG and Symptom-Guided NeuroRehabilitation Programs - Various Cases Presented- <i>Victoria Ibric</i>
	Workshop 4 - Fundamentals of EEG and Processing Methods as They Apply to the Practice of Neurofeedback- <i>Marc Saab</i>
	Workshop 5 - Intermediate / Advanced Z Score Training- <i>Mark Smith</i>
	Workshop 6 - Metacognition - How To Use Strategies With Children & Adults To Increase The Effectiveness And Generalization Of NFB & BFB Interventions- <i>Michael and Lynda Thompson</i>
	Workshop 25 - IVA Boot Camp: Basic Training in the Administration, Interpretations and Applications of the IVA CPTs for Neurofeedback- <i>Joseph Sandford</i>

Time	Friday September 4, 2009 Workshop Schedule
2:30-5:45 PM	Workshop 7 - Learning to use the Asymmetry Protocol for Treatment of Depression: A Workshop Designed to Present Theory and Applications of the Asymmetry Protocol for Therapists to Use This Application in Their Clinical Practice- <i>Elsa Baehr, Tom Collura and Cory Feinberg</i>
	Workshop 8 - Coherence Assessment and Training- <i>Rob Coben</i>
	Workshop 9 - QEEG Subtype Based Assessment for ADD & Autistic Spectrum Disorder - Part I- <i>Michael Linden</i>
	Workshop 10 - An Empirical Phenomenological Approach to Quantifying Consciousness and Its Relevance to the QEEG- <i>Ronald Pekala</i>
	Workshop 12 - Activation Analysis In qEEG: Linking Symptoms To Network Activation Patterns- <i>Richard Soutar</i>
	Workshop 13 - Neurofeedback Advanced (BCIA Review Course)- <i>Lynda and Michael Thompson</i>

Time	Saturday September 5, 2009 Workshop Schedule
2:30-5:45 PM	Workshop 14 - LORETA Neurofeedback: Clinical Applications and Functional Neuroanatomy for Region of Training Selection- <i>Rex Cannon</i>
	Workshop 15 - The Science and Art of Artifacting, QEEG analysis, Protocol development and Z-Score Training- <i>Joel Lubar</i>
	Workshop 16 - QEEG Subtype Based Assessment for ADD & Autistic Spectrum Disorder - Part II- <i>Michael Linden</i>
	Workshop 17 - Introduction to ERP Method: Research, Clinical and Forensic Applications- <i>Elena Labkovsky</i>
	Workshop 18 - Improving Executive Functions in a Range of Disorders- <i>Michael and Lynda Thompson</i>
	Workshop 19 - QEEG-Guided Neurofeedback: Why and How- <i>Jonathan Walker</i>

Time	Sunday September 6, 2009 Workshop Schedule
1:30-4:45 PM	Workshop 21 - Integration of EEG / Live Z-scores, DC/SCP, and Peripheral Measures in Biofeedback- <i>Tom Collura</i>
	Workshop 22 - Unraveling the Gulf War Illness: Multivariant Issues, Implications for Practitioners, Implications and Multi-modality Interventions- <i>Jaelyn Gisburne, Jana Harr</i>
	Workshop 23 - Demonstration of the SKIL EEG Operant Trainer- <i>David Kaiser</i>
	Workshop 24 - Application of Event Related Potentials for Defining Protocols of tDCS in Stroke Patients- <i>Juri Kropotov</i>
	Workshop 26 - Practical Tips and Helpful Hints for Neurofeedback Professionals Using the BrainMaster Platform- <i>Nancy Wigton</i>

Time	Monday September 7, 2009 Vendor Seminar Schedule
8:30-5:00 PM	Vendor Seminar 1- BrainMaster Basic and Advanced Practicum- <i>Tom Collura and Bill Mrklas</i>
	Vendor Seminar 3- Mitsar/Human Brain Indices Database (HBI-Med)- <i>Juri Kropotov and Andreas Mueller, PhD</i>
	Vendor Seminar 4- New Features and Applications of BioGraph Infinity Version 5.0- <i>Marc Saab and Didier Combatalade</i>
	Vendor Seminar 5- QEEG Interpretation Strategies- <i>Richard Soutar, PhD</i>

Time	Monday September 7, 2009 Vendor Seminar Schedule
	Vendor Seminar 6- Deymed Product Seminar: TruScan 32 and BrainFeedback -Douglas Youngberg
